### **Kelly Engineering Resources to Provide Staffing Solutions to Puerto Rican Businesses**

SAN JUAN, Puerto Rico (May 19, 2005) - Kelly Services, Inc. today announced that its engineering staffing business unit, Kelly Engineering Resources, is expanding its operations into Puerto Rico. The office, located at 250 Munoz Rivera Avenue, Suite 704, will service the engineering, architecture, and surveying needs for businesses located throughout the greater San Juan area.

The new Kelly branch will place highly experienced engineering professionals in contract, contract-to-hire, and full-time employment positions across all engineering disciplines, from support-level professionals to senior-level management.

"We're very excited to open a permanent office on the island and to become an integral contributor to the growth of the Puerto Rican labor force," said Ismael J. Martinez, country branch manager, Kelly Engineering Resources. "This new office enables us to enhance our ability to meet the global needs of our customers."
