International Association of Outsourcing Professionals(R) Selects KellyOCG(R) in the "Leaders Category" for the 2014 Global Outsourcing 100(R) Service Providers List for the Third Consecutive Year

TROY, MI -- (Marketwired) -- 02/17/14 -- KellyOCG, the [outsourcing and consulting](#) group of Kelly Services®, was named to the Leaders category for the 2014 Global Outsourcing 100 by the [International Association of Outsourcing Professionals](#) (IAOP®). This is the third consecutive year that KellyOCG has been named to the list. The announcement was made at the 2014 Outsourcing World Summit® in Orlando, Florida, today.

The 2014 Global Outsourcing 100, now in its ninth year, recognizes the world's best outsourcing service providers and advisors. These rankings are based on applications received and evaluated by an independent judging panel organized by IAOP. The 2014 panel is led by IAOP chief advisor of thought leadership, IAOP, Jagdish Dalal, COP and president of JDalal Associates, LLC.

"Each year, the competition to be named to The Global Outsourcing 100 list continues to reach higher levels," said Dalal. "Given the strong competition, getting named to these lists is a great recognition and these companies should be proud of achieving excellence in the field."

In mid May, all applicant companies will receive an evaluation package containing information on final list rankings, inclusion on one or more sub-lists, the judges' application scoring and evaluation, and company profiles.

"Our recognition on the Global Outsourcing 100 list for the third consecutive year demonstrates our commitment to enhancing the delivery of consultative outsourced solutions focused to meet the talent and operational challenges our clients face," said Teresa Carroll, Senior Vice President and General Manager, KellyOCG. "We have increased the number of Certified Outsourcing Professionals on our team who bring best practices, innovation and change leadership to the solutions to help our clients effectively compete and achieve their business goals."

About IAOP
