

Kelly Educational Staffing Recognizes Top Substitute Teachers
Employees Honored During National Substitute Teacher Recognition Week, May 8-12

TROY, Mich. (May 11, 2006) – Kelly Educational Staffing, a service line of global staffing provider Kelly Services, is recognizing employees throughout the country as ‘Substitute Teacher of the Semester’ during National Substitute Teacher Recognition Week, May 8-12. These employees have demonstrated outstanding performance and service, and have made an exceptional impact as substitute teachers.

“Kelly is pleased to recognize our outstanding substitute teachers during National Substitute Teacher Recognition Week,” said Scott Smith, vice president for Kelly Educational Staffing. “We applaud them for their enthusiasm and commitment to maintaining continuity in the classroom when a permanent teacher is absent.”

All Kelly Educational Staffing substitute teachers receive regular performance feedback from permanent teachers and school administrators, and each semester, Kelly managers have the opportunity to nominate one substitute teacher as Substitute Teacher of the Semester. The honorees earn gift certificates and are eligible to become Kelly’s National Substitute Teacher of the Year, an honor that is awarded at the end of the school year.

Nearly 90 percent of school districts experience significant difficulty in maintaining a sufficient substitute teacher pool. “Substitute teachers are a critical component to the education process, and we are proud to be able to bring attention to the work they do,” said Smith. “Too often, the role of the substitute teacher is overlooked.”

In 1997, Kelly Educational Staffing was established in direct response to the increasing need for quality substitute teachers. Since then, Kelly has filled well over two million classrooms with qualified substitute teachers and has partnered with more than 2,900 schools in the United States and the United Kingdom. During the 2004-2005 school year, Kelly employed 15,000 substitute teachers and filled 684,000 classrooms. Each year, Kelly Educational Staffing fills more than 96 percent of the requests received for substitute teachers nationally.
