

Kelly Scientific Resources Opens Office in Auckland, New Zealand

May 24, 2006

TROY, Mich. (May 24, 2006) - Kelly Scientific Resources, the world's largest dedicated scientific staffing company, has opened its first office in Auckland, New Zealand. The new branch will place clinical research and scientific professionals on temporary, project-based, and direct-hire assignments to a broad spectrum of industries and disciplines.

"We are very excited to launch operations in New Zealand, where the life sciences industry is rapidly expanding," said Chris Jock, vice president and general manager, Kelly Scientific Resources. "Our expansion into this emerging scientific market enables us to meet the growing global needs of our customers and job opportunities for our contract, scientific professionals."

The Auckland branch join forces with more than 100 Kelly Scientific locations worldwide, with operations in Australia, Belgium, Canada, Denmark, France, Germany, Ireland, Italy, Japan, Netherlands, Norway, Puerto Rico, Singapore, Spain, Switzerland, Sweden, United Kingdom, and the United States.

About Kelly Scientific Resources Kelly Scientific Resources is a highly specialized and rapidly expanding business unit of global staffing provider, Kelly Services, Inc.
