Terence E. Adderley, Kelly Services chairman and chief executive officer, announced revenue for the fourth quarter of 2003 totaled \$1.165 billion, an 11.1% increase compared to the \$1.048 billion for the corresponding quarter in 2002. Revenue for the fourth quarter increased 6.2% compared to the third quarter of 2003. Revenue for the year totaled \$4.325 billion, a 6.6% increase compared to the \$4.057 billion for 2002.

On constant currency basis total revenue for the fourth quarter of 2003 increased 7.2% compared to the corresponding quarter of 2002. Constant currency revenue for the full year of 2003 increased by 3.3% compared to 2002.

Net earnings for the fourth quarter of 2003 totaled \$1.8 million, compared to \$7.3 million reported for the fourth quarter of 2002. Net earnings for the fourth quarter increased by 20.5% compared to the third quarter of 2003. Net earnings for 2003 totaled \$5.1 million, compared to the \$18.6 million earned during 2002.

Diluted earnings per share in the fourth quarter of 2003 were \$0.05 per share, as compared to fourth quarter 2002 earnings of \$0.21 per share. Diluted earnings per share increased \$0.01 sequentially compared to the third quarter of 2003. Diluted earnings per share for 2003 were \$0.14 per share, compared to the \$0.52 per share earned in 2002.

Commenting on the results, Adderley said, "We achieved a new sales record of \$4.325 billion. With revenue growth of nearly 7% for the year, we in fact exceeded our record sales of \$4.251 billion achieved in 2000. We continued to gain market share and are well positioned for 2004.

"However, as good as sales were, we are still a long way from our pre- recession earnings. We remain committed to returning to and exceeding our historic earnings levels, and expect to accomplish that over the next three to four years.

"Year over year, revenue in our U.S. Commercial staffing segment increased 4.0% during the fourth quarter, compared to the 2.6% decrease reported in the third quarter of 2003. The U.S. Commercial gross profit rate decreased 2.0 percentage points primarily due to increased workers' compensation costs and customer and service line mix. Expenses increased 7.2% compared to last year. Operating earnings totaled \$23.1 million, a decrease of 33.0% compared to last year.

"Revenue in our Professional, Technical, and Staffing Alternatives (PTSA) segment increased by 4.1% during the fourth quarter, compared to a third quarter decrease of 0.4%, with the individual business units showing mixed rates of growth. Kelly Financial Resources and Kelly Law Registry were the leading staffing unit performers in the fourth quarter. Kelly HRfirst and Kelly Vendor Management also continued to exhibit strong revenue growth. Kelly Scientific Resources, Kelly Home Care and the Automotive Services Group experienced revenue decreases during the quarter. The PTSA gross profit rate increased five-tenths of one percent compared to last year, while expenses increased 6.0% as compared to 2002. Operating earnings totaled \$14.9 million and increased 8.6% on a year-over-year basis.

"International revenue, as measured in U.S. dollars, increased 30.6% during the fourth quarter, as compared to a 19.4% increase in the third quarter. The International gross profit rate decreased by 1.9 percentage points, due to gross profit rate decreases in UK, Continental Europe and Asia Pacific. Fee based income showed a small increase. Operating expenses increased by 21.0% in U.S. dollar terms. International operating earnings totaled \$1.6 million, compared to earnings of \$2.7 million last year.

"On a constant currency basis, International revenue increased 16.0% in the fourth quarter, as compared to 10.1% growth in the third quarter. Constant currency revenue growth was positive in all regions: Americas increased 11%, Asia Pacific increased 21%, UK/Ireland increased 30% and Continental Europe increased 10%. Expenses increased by 7.3% on a constant currency basis.

"As we prepare for 2004, the greatest unknown is the pace of economic recovery. In our judgment, the greatest probability is that this will be a more gradual recovery with a longer duration. Using moderate growth as a guideline, we expect that first quarter 2004 results will range from a loss of \$0.01 per share to earnings of \$0.04 per share, as compared to earnings of \$0.01 per share in the first quarter of 2003."
